Global/Local Engagement

Worked with a small NGO, Fundación Alerta Verde to help combat food insecurity in Cochabamba, Bolivia

- ❖ Helped build and maintain food gardens
- ❖ Created a survey to interview family members within the program

Proposed Interventions

- ❖ Learning from healthcare systems in other countries:
 - Universal or hybrid insurance models to reduce cost barriers
- ❖ Increase investment in preventative care (especially in vulnerable communities)
- ❖ Implement training in cultural humility to better understand patient values and barriers

Future Directions

- ❖ Explore opportunities to work and study abroad
- ❖ Research potential post-graduation programs
